Sanzhar Kazakstan

Astana, Kazakhstan (international student at Hungary)

E-mail: sanzhar.kazakstan@gmail.com

Telegram: @plutmo

GitHub: https://github.com/snzhr-k

Objective

Motivated first-year Computer Science student with a strong interest in backend development, systems thinking, and engineering philosophy. Eager to contribute to real-world projects, grow as a developer, and learn from experienced mentors.

Education

Bachelor of Science in Computer Science

University of Szeged, Szeged, Hungary

Expected Graduation: 2028 (Currently in 1st year)

Relevant Coursework:

Data Structures, Algorithms, Operating Systems, Probability & Statistics

Relevant Extracurricular Activities

Machine Learning Project in research team at the University of Szeged which involved data collection and procedure using MNE Python Library

Technical Skills

Languages: Python, Java, C++ (basic)

Tools: Git, UNIX, VS Code, Neovim, MNE Python

Databases: MySQL (basic)

Concepts: OOP

Self-Initiated Learning Projects

- Implemented data structures (linked lists, binary trees, stacks) in Python for practice
- Explored basics of version control with Git and collaborative workflows
- Explored the basics of page parsing using Python Requests and BeautifulSoup4 libraries

Soft Skills

- Self-aware, reflective, growth-oriented
- Strong communication in English (written & spoken)
- Able to work independently and adapt quickly
- Interested in the deeper "why" behind the "how" technical and personal growth

Languages

- Russian Native
- English Advanced (C1)
